

## Freya, the Goddess of love

Freya came to live in Asgard as a hostage from Vanheim after a war between the gods.

Freya was the most beautiful of the goddesses, but she was sad crying herself to sleep.

You see, her husband, Od, was a dreamer and a wanderer, lost in another world. His absence made Freya very lonely.

Although Freya is lonely, she has friends: grey cats, her falcon suit, and her daughter, Hnoss. They make her life full and fantastic!
